EXPERIENCE

DX (Delay Horosho(tr. Make it Good)) | *web developer*
Saint–Petersburg, Russia

October 2021 - Present

Transforming a design concept into an interactive website, focusing on aesthetics and user experience. My role encompassed translating the layout into functional websites, ensuring responsiveness across devices for a seamless user journey.

CDA (Compliance and Development Agency) | *translator*
Moscow, Russia

September 2019 - February 2022

Translator from Russian to English.

Topics: Politics, Medicine, Law, Economics, Procurement

PROJECTS

Fully custom websites:
- https://den-dev.vercel.app/ - Portfolio
- https://gelateria-plombir.ru
- https://videoprod.dxda.ru - Transformed a conceptual vision, drawing inspiration from reference websites, into a fully operational and responsive website.
- https://pro-wine24.ru - Developed a user-friendly product data integration system, enabling clients to effortlessly add and manage new product listings on the website without requiring technical coding skills.

Websites built with Elementor constructor:
- https://newsite.dxda.ru
- https://clinica.dxda.ru
